

WVD1800AP – Heavy Duty Wet Vacuum with Automatic Pump

The WVD1800AP is the largest machine of the wet vacuum range. The heavy duty Structofoam construction combined with oversized wheels and handle make the unit both rugged and easy to manoeuvre.

The WVD1800AP includes an internal waste collection basket to separate solid and liquid waste. Simply empty the waste basket of solid waste to continue operating.

The WVD1800AP incorporates a fully automatic, submersible pump with its own Hi/Lo level float. This allows the unit to operate with a continuous suction and discharge operation. The vacuum is also supplied complete with a 10 metre dump hose to aid emptying.

- 2 Year Warranty
- 2 x Twinflo bypass motors
- 70L wet capacity
- 10m dump hose included
- 10m cable
- 400mm MultiFlo wet pick-up nozzle
